**COME JOIN OUR
TEXSTAR FAMILY!**

FROM STRIPES TO STARS

TexStar Season 13

There are 13 stripes on the American flag, and they came before the stars. They represent the original foundation, the beginning, the sacrifice that made everything else possible.

The stars may shine, but they only exist because the stripes came first. Season 13 is about honoring that same truth.

At TexStar, we believe championships, podiums, and spotlight moments don't happen by accident. They are built through discipline, structure, and relentless commitment, stripe by stripe.

We don't skip the foundation. We build it. Because when the stripes are strong, the stars shine brighter.

A group of cheerleaders in black and blue uniforms with "TexStar" written on them are performing a pyramid. Three cheerleaders are standing on the shoulders of others in the front row. The background features a blue wall with red stars and a banner that partially reads "ATI" and "ER".

ALL STAR CHEER

Our All Star Cheer program is dedicated to developing strong, well-rounded athletes in a competitive and supportive environment while fostering lifelong friendships. Beyond mastering cheer skills, athletes will learn valuable life lessons that extend far beyond the gym.

Our staff is committed to instilling the values of accountability, teamwork, commitment, dedication, hard work, and faith. We aim to equip every athlete with the tools needed to overcome challenges and confidently pursue a successful future.

THIS IS A FULL YEAR COMMITMENT!

IMPORTANT FINANCIAL INFORMATION

- Athletes are required to commit to the full All Star Cheer season (June–May). Quitting or being removed from the team for any reason will require full payment of all remaining tuition and fees at that time. Any uniforms, practice wear, merchandise, or related items will become property of TexStar and are non-refundable.
- If an athlete becomes injured during the season and provides a doctor’s note stating they are unable to participate for the remainder of the year, they may be released from the contract (at the owner’s discretion); however, all funds paid to TexStar are non-refundable. Additional fees may still be due based on the payment schedule and competition entries. If the injury does not require full-season withdrawal, the athlete must continue attending practices and all tuition and fees will remain due.
- Athletes/guardians are responsible for all tuition, fees, uniform costs, and financial obligations outlined in the All Star tryout packet through the end of the season. All families must maintain an active ACH/bank account on file for AutoPay. Tuition and mandatory fees will be drafted according to the posted schedule. Drafts processed via ACH will not include a processing fee; however, if ACH is not the default payment method and a credit/debit card is used, a 3% card fee will apply.
- Tuition will be automatically drafted on the 28th of the prior month. If a family needs the draft moved to the 5th or 10th, a \$20 fee per charge per month will apply. There will be a \$35 fee for declined automatic drafts or returned checks.
- If an account becomes 2+ months past due, the athlete will be removed from the routine and placed as an alternate until the balance is current. If an account becomes 4+ months past due, the athlete will be removed from the program, and the family will remain financially responsible through the end of the season.
- End-of-season competitions will include a \$125–\$150 coaches fee per athlete for travel expenses.

IMPORTANT POLICIES AND INFORMATION

HAVING CLEAR POLICIES ENSURES STRUCTURE, CONSISTENCY, AND FAIRNESS, HELPING THE PROGRAM RUN SMOOTHLY WHILE SETTING EXPECTATIONS FOR ATHLETES, PARENTS, AND COACHES. THEY PREVENT MISUNDERSTANDINGS, PROMOTE ACCOUNTABILITY, AND CREATE A POSITIVE, PROFESSIONAL ENVIRONMENT WHERE ATHLETES CAN FOCUS, GROW, AND SUCCEED.

CHEER ATTENDANCE & COMMITMENT POLICY

Attendance Policy

Cheerleading requires a significant time and financial commitment, and every athlete's attendance is essential to team success. When an athlete is absent, it impacts the entire team's progress.

Absence Limits

- Summer: 6 absences allowed
- After Summer: 6 absences allowed for the remainder of the season

Exceeding this limit may result in removal from the team; however, the athlete will remain under contract.

All absences (excused or unexcused) count toward the total, regardless of reason.

Exceptions (Do NOT Count as Absences)

- School cheer events
- Death in the family (funeral program required)

If an athlete is sick, they must attend practice to at least watch.

Practice & Scheduling Expectations

We will try to schedule around conflicts, but this may not always be possible. Practices cannot be missed for other sports or activities (including extra practices), except school cheer.

Mandatory extra practices may be scheduled on weekdays or weekends 1 - 2 weeks before competitions. No absences are allowed within two weeks of a competition or showoff; athletes who miss may be replaced for the event. We reserve the right to adjust positions or formations as needed.

Your commitment and dedication make our teams strong, thank you for prioritizing attendance and teamwork.

PRACTICE WEAR COMPLIANCE FEE

All athletes must wear designated practice attire and cheer shoes to every practice, as outlined in the information packet and contract. Proper attire is essential for safety, performance, and team consistency, allowing athletes to train effectively and coaches to instruct efficiently.

A \$10 fee will be added to your account each time an athlete arrives without the required attire or shoes. Athletes will not sit out or condition for incorrect practice wear, as this takes away from valuable routine time.

Thank you for helping us keep athletes prepared and our program standards high.

CHOREOGRAPHY OBLIGATION

In All Star Cheer, choreography is the strategic arrangement of skills, motions, stunts, tumbling, pyramids, and dance set to music to create a high-energy, synchronized routine.

Choreography includes:

- Stunt sequences – Coordinated group lifts and tosses
- Tumbling passes – Individual and synchronized skills
- Pyramid formations – Group stunts for visual impact
- Transitions & formations – Smooth movement and positioning changes
- Dance & performance elements – Sharp, expressive motions

A well-choreographed routine maximizes difficulty, execution, creativity, and entertainment value — all contributing to competition scores.

Choreography Camp is an intensive training session where athletes learn and perfect their competition routine with professional choreographers/coaches. This camp builds a synchronized, dynamic, and visually strong routine for the season.

What Happens at Choreography Camp?

- Routine breakdown (stunts, tumbling, pyramids, transitions, dance)
- Skill execution (timing, technique, synchronization)
- Formations & transitions for visual impact
- Performance training (energy, expressions, confidence)
- Conditioning & endurance for full-out routines

Why It's Important:

- Sets the foundation for the season (starting point for routines)
- Helps athletes understand their role
- Allows early cleaning and polishing
- Builds team chemistry and confidence

Choreography Camp is MANDATORY for all team members.

If Missing (unavoidable circumstances only):

- Option A: \$300 fee for a coach to learn and teach the routine
- Option B: Athlete may provide a fill-in with equal tumbling/stunting ability (Must be approved by David)
- Missing may affect the athlete's position (i.e. flyer/base/backspot/tumbler)

Choreo has officially been booked for next season!

We'll be working with SmallWorld Choreography, the same company we used this season.

Choreo Dates: June 5th–11th

- Elite Teams: June 5th–7th
- Prep Teams: June 8th–11th
- All dates are subject to change, but please keep the full window (June 5th–11th) open.

We know some athletes will have school cheer camps during this time. If you have not sent David your athlete's school camp dates yet, please do ASAP.

COMPETITION ATTENDANCE, INJURY POLICY AND TRANSPORTATION POLICY

Competition Attendance

Missing a competition may result in removal from the team.

The only acceptable reasons for missing a competition are:

- Death in the immediate family
- Serious illness or hospitalization (documentation may be required)

Parents must provide at least 48 hours' notice whenever possible.

Because NCA Nationals may fall during Spring Break, practices will be held that week and attendance will be mandatory.

Injury Policy

- This policy ensures athletes are properly prepared and allows the team to practice safely and consistently.

Transportation Policy

Parents are responsible for transporting their athlete to and from practices and competitions. We understand special circumstances may arise; however:

D2 GYM

- Our Elite Program is limited to 125 athletes or fewer. Rising, Novice and Prep athletes do not count toward this number.
- If we exceed 125 Elite athletes, our program would be classified as D1, requiring us to compete against major gyms such as Cheer Athletics, Spirit of Texas, and others.
- Many D1 gyms in Texas have 300+ athletes trying out for their programs, with Cheer Athletics alone housing around 1,000 athletes across multiple locations worldwide.
- We do have plans to transition to D1 in the future, but only when we are fully prepared as a program to take that step.

ELITE PREP/ELITE EVALUATIONS

WE WILL HAVE EVALUATIONS TO DETERMINE THE LEVEL/TEAM YOUR CHILD WILL BE PLACED ON. ALL ATHLETES MUST ATTEND ONE OF THE EVALUATION DAYS. ALL EVALUATIONS WILL BE CLOSED TO PARENTS AND SPECTATORS TO ENSURE ATHLETES CAN REMAIN FULLY FOCUSED.

For elite and elite prep evaluations athletes will be evaluated on multiple categories of cheerleading such as Tumbling difficulty and technique, Jump technique and Dance technique.

If you are being evaluated for an elite level, there is a chance you could be placed on an elite prep team.

If you want the choice of only being placed on an elite prep team that is an option and you will not be placed on an elite team.

Tumbling level

- 2 Standing passes will be evaluated and 1 Running tumbling pass will be evaluated
 - Difficulty levels range from 1-3 stars: Level appropriate (1), advanced (2) and Elite (3)
 - Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

Jumps

- Jump combination (hurdler and toe touch any hurdler of your choice) and a single pike jump
- Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

Dance

- There will be 2 routines (Advanced and Elite)
 - Ages from 2013 - 2019 have the option of learning the advanced or elite dance (advanced dance is the easier one)
 - Ages 2012 and before must learn the Elite dance
 - Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

FLYER EVALUATIONS

- Flyer Evaluations are only for Elite Prep and Elite Teams youth age and up (Birth Year 2018 and older)
- If you want your athlete to have the chance of being evaluated as a flyer they must attend the flyer evaluation after their chosen evaluation time.
- They will be evaluated only on flexibility if they are a current flyer. If they did not fly this past season, they will be evaluated on flexibility and they may or may not be evaluated on basic stunts.
- If your athlete is evaluated as a flyer, it does not guarantee them a flying position on a team.
- If being evaluated as a flyer, make sure to let us know on your eval sheet.
- Flyer evals will be 30 min after evals

TEAM PLACEMENT

Team Placement Policy

Each athlete will be placed on a team based on age, ability, and experience. If an athlete does not meet team guidelines, they will have the option to join a tumbling class.

Placement Criteria

Teams are determined by age group and skill level, and athletes must meet level and commitment expectations throughout the season. Athletes may be moved to a different team or program if they do not maintain required skills or have excessive absences.

For example, an athlete will not be placed on a Level 2 team without meeting a broad range of Level 2 requirements (tumbling, stunts, jumps, and choreography). If skills are lost for an extended period, athletes may be moved to a level that better supports their development.

Placement decisions are made to ensure every athlete is in an environment that supports growth, success, and overall team performance. Many factors are considered equally, including:

- Age (based on birth year)
- Tumbling ability
- Team size needs (flyers, bases, backspots, tumblers)
- Basing/backspotting or flying experience
- Best overall team fit
- Maintaining D2 roster limits (125 athletes)

Program Placement Disclaimer

Trying out for a specific program does not guarantee placement in that program.

Athletes trying out for Elite teams may be placed on Elite Prep teams if the coaches and directors determine it is the best fit for both the athlete and the team.

Placement decisions are made based on skill level, commitment, and overall team needs to ensure every athlete is in the most appropriate and supportive environment for their growth and success.

3. TEAM SIZE

Team sizes are based off the stunt/tumbling quantity chart.

Note: Teams can't have a team full of flyers, bases or back spots. Each team must have the required pieces to make strong stunt groups.

To make a full stunt group It takes two bases, a flyer, & a backspot

Scoring system has yet to be released for the 2026-2027 season.

4. EXPERIENCE

- How long they have been cheering.
- How long they have been basing/backspotting or flying.
- Can they do multiple sections in a routine.
- If they don't have all the required tumbling, are they experienced in basing, flying or backspotting

ADDITIONAL NOTES ON TEAM PLACEMENT

- Each team is put together to be set up for success. It's about putting the best puzzle pieces together. Athletes are not guaranteed to move up in level or age group, and sometimes can move down if it's better for their future development.
- Our program follows D2 roster guidelines. Athletes can be placed on an elite prep if we feel that will suit their success better.
- The primary differences between Elite Prep and Elite are routine length, competition format (one-day vs. two-day), and basket restrictions. Skill expectations remain highly competitive across both programs.
- The stunting and tumbling skills allowed in level 1-3 are all the same whether they are prep or elite.
- The stunting and tumbling skills allowed in level 1-6 are all the same whether they are (tiny, mini, youth, junior or senior)
